DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Strive so that in this new cycle your life will be more spiritual and less material. May your priorities be centered in the things of the spirit and may the demands of matter not consume you.

Concentrate in recognizing yourself as an essence coming from the Divine Source with a determined mission to fulfill and do not let your mind distract you from the Purpose with egoic and personal issues.

Child, let yourself be elevated in a leap to Light, so that you may finally understand the true meaning of life on Earth and not lose yourself in the appearances of this life.

The coming cycles will seek from you - as well as from all of humanity - a higher understanding about the events of the Earth so that you may not be confused and believe that the end has arrived before its time.

Many will be the false masters, the false teachings, the false paths, the false signs in the sky and on the earth. Only the one who is with their heart and consciousness permanently held onto the Divine Purpose will be able to feel and know within themselves when they are before the truth or the delusion. And not even that one who most want to resemble Christ in order to deceive them will confuse them.

Construct from now on, in this last cycle of awakening and of maturation, the union with God, which will bring you wisdom and discernment for the days that will come.

Remember not to allow matter to consume you and cause you to forget that the Truth stands in love, in spirit.

Your Father and Companion, This one who, in a few words, brings you great impulses,

The Most Chaste Saint Joseph
