DAILY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF AURORA, TO THE VISIONARY SISTER LUCÍA DE JESÚS

When Saint Joseph began to approach to transmit His Message, He began to show us some images of the life of Jesus before He complied with His mission publicly. He showed Jesus working in a woodshop, talking to people, walking alone... And, while He was showing these images, Saint Joseph said: "Children, Jesus lived 3 years publicly, but 30 anonymously. He lived 3 years proclaiming Himself as the living Son of God, but 30 in humility, as a simple carpenter, born in a poor family. With this learn that there is no one who better lives a public task than the one who has learned to live anonymously."

And then He asked me to take note of the message of today:

There is no braver warrior than the one who overcomes himself.

There is no preacher more prepared for their mission than the one who prepares themselves in silence.

There is not heart more willing to receive Christ than the one who abandoned themselves through the essence of humility.

Child, there is no soul more consecrated to God than the one who recognizes that their consecration begins in spirit and that their absolute rendition is what matters the most because - if there is no rendition- there is no consecration.

Live - with the joy that you may feel - the abandonment of yourself.

Rejoice in waiting in the Lord for the time in which He will call you to His side, and let humility be what prepares your spirit for the mission that you must comply with in these times.

There is not heart more attentive to My Words than the one who aspires to live them and try doing it, everyday, in the silence of their heart.

Remember what I told you with simple words, because here lies the difference between living a Christic experience and never finding it.

Your Father and Friend,

The Most Chaste Saint Joseph
