**WEEKLY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA,
TO THE VISIONARY SISTER LUCÍA DE JESÚS**

The reward of the servant of God is eternal service. The Creator renews His servants in the act of serving, and the certainty of being fulfilled by His Plan nourishes them.

Children, the great school of the Disciples of Christ in these times is eternal renunciation. However, I speak of renunciation of the things of this world, of the conveniences and pleasures that humanity as a whole has efforted much to maintain.

Those who fear renunciation, in truth, have never come to know the grace of serving God, because it is by renouncing all that is temporary that you may find what is eternal and nourishes the soul, body and spirit, making you full in God, beyond the appearances of the world.

Those who want to sustain themselves during their own purification must find their peace in renouncing all results concerning themselves, because they suffer much, those who every day look at their wound and do not allow it to heal due to the power of their thoughts about it.

You must recognize that the wounds are there, but in order for the pain to not torment your life and prevent you from doing whatever you are called to do at this time, you have to take your eyes off of yourselves.

Therefore, children, the greater the degree of consecration, the greater must be the renunciation, because a deep surrender will be demanded and you will be lead to live it beyond your own will; but this is not where your consciousness needs to be, because the Plan of God is manifested by undertaking it and not by thinking about it.

Thus, you should know that the one who gives everything will also receive everything, and the one who puts aside their own process, their purification, and even their needs in order to help others, will be rewarded by God and reach the expression of His Plan without noticing it.

For this reason, today I show you the path of service and transcendence and I thank you for trying to overcome yourselves for love to the Plan of the Creator. In this eternal attempt and true aspiration, the Plan is fulfilled. Go ahead.

Your Father and Companion in the path of ascension,

The Most Chaste Saint Joseph
