MESSAGE FOR THE APPARITION IN THE MARIAN CENTER OF AURORA, TRANSMITTED BY THE VIRGIN MARY TO FRIAR ELÍAS

Dearest children,

May this birth of the Redeemer within your lives represent the next step of a humanity converted by the light of My Love and forgiven, absolved of all faults by the Loving Heart of God.

Today I come once more to your little lives to bring you to the glorious remembrance of the Divine Birth of Jesus.

When we arrived in Bethlehem with Joseph, the Most Chaste Spouse, during the middle of the night of Christmas when all the people of Israel were gathering to celebrate the eve of a new time, My Heart was waiting for the hoped for moment of the birth of the Child King.

Then Joseph placed me upon a donkey to help me during the long path towards Bethlehem. Through the call of the Most Chaste Joseph, the Child King started knocking on each door of the city, because Joseph hoped to find a place so that My Maternal Heart could be prepared to give birth.

The baby Jesus, who was in My womb, made me feel the absolute presence of God. Despite the pains of the delivery due to the near and great birth of the Messiah, I saw through the eyes of My heart how everything was being guided.

The Most Chaste Joseph called, asking for help everywhere, but did not find any; upon his face was reflected serenity, because he trusted in the Will of the Lord. The Great Star of Bethlehem was ever brighter in the firmament and with each new sign of contraction that Jesus gave me, the lights of Bethlehem made movements and radiated precious sparks.

Everything was about to take place as the Angel Gabriel had announced. On our trip to Bethlehem, we were carefully guided and supported by the Hosts of the Lord. After the Most Chaste Joseph had searched for a place where My Heart could rest, a sweet older woman of Bethlehem indicated to us a place near the city where, with tranquility, we could stay for all the time needed.

We arrived at the stable and God showed us how the kind and silent company of the Kingdoms prepared the arrival of the Redeemer. The hour was drawing near and Joseph helped me get down from the donkey, and he quickly gathered a little straw with his hands, and placed it somewhere within the stable so that the birth could take place. It was the first time that Joseph was present at a birth, but he had the pure and chaste Heart of a Father.

The angels came close because from the heights of the Heavens the Star of Bethlehem announced, with unusual sparks, the coming birth of the Messiah. God once again taught us about the power of His Humility and of His Love for humanity through the birth of Jesus in the manger of Bethlehem.

The hour of the birth had come and the Spirit of God was manifested through the Little Child Jesus. The plans of God were being fulfilled and, from the arrival of Jesus, a new cycle would unfold.

The manger for some moments became a light for the world because there the Son of God was born, in a place of humility and peace.

Dear children, the prophecy of the arrival of the Messiah was fulfilled with the visit of the kings from the desert to the manger, who, guided by the light of the Star of Bethlehem, had known for some time about the birth of Jesus.

After a long journey, the kings of the desert, coming from different regions of the East, arrived to be present before the newly-born Jesus. In My arms was God and this filled My Heart with joy, faith and love for this moment that had been so long-awaited for. God gave permission for the Child King to be born inside of a manger of austerity and simplicity. The Father wanted to give a lesson about the power of Divine Love through the humility of His Paternal Heart.

The coming of Jesus to the world awakened, for each essence, the moment to live redemption through the wise love that Jesus later revealed in His public life. God permitted that all of Creation could learn to recognize the laws of peace for the moments of transition. Through His birth, Jesus brought light for the world, the light that illuminates the darkest hearts that have fallen and are separated from the Creator.

Through the Messiah, God the Father revealed His Love for the whole universe.

Dear children, may you hold within your hearts the important moment that you are living for this new time of humanity. I want that you hold in your hearts this maternal meeting with My Heart of the Mother of God.

I hope that you will recognize how special is this moment that your lives are participating in, in this cycle. May the birth of the Child King on this Christmas and in your essences help you to be strong in the task, loving in self-giving and merciful for all the pain of humanity that must be healed.

Through the Universal Light-Network, may you be true missionaries of charity and well-being, for a time in need of much compassion and love.

Love all your brothers and sisters through the Child King that is within your being. Adore selfless service through union with Christ. Contemplate the Creation of God through the love in each new prayer.

Guide the most unprotected and needy through the instruction of My messages of love.

I am with My soldiers, I am together with the New Christs, those announced by the Apocalypse. May this Christmas allow the rebirth of Peace in those who do not have it, love in those who do not feel it, faith in those who need to strengthen it, and Mercy in those who most need it. Be blessed because in this way you will be closer to My Son.

Who loves you profoundly and maternally,

Mary, Mother of the Divine Conception of the Trinity
