MESSAGE FOR THE APPARITION IN THE CITY OF BUENOS AIRES, ARGENTINA, TRANSMITTED BY THE VIRGIN MARY TO FRIAR ELÍAS

Dear children:

The new cycle much awaited for by the world is getting closer during the developments of these next days. Thus today-, I urgently call you to strengthen your prayer together with your most beloved beings and inside your homes, so the Divine Spirit of God may thus be present amongst your hearts.

My children, be careful with announcements that do not come from God and that come through communications that confuse the forthcoming of souls. For this, if your prayer is more loving, devotional and strong in your homes, you will be able to be distant from the realities that in these moments call to the souls that do not pray, that do not adore God and do not remember to be in God.

I ask you, My dear children, for your spiritual and mediating prayer for each of these souls so that My Maternal Heart may help each heart of this planet. Whenever I talk to you about a new cycle, I talk about a new prayer cycle for your lives that may renew you as souls and as consciousnesses that donate themselves to God.

For this reason, my children, your lives are no longer in normal times, they are in times of definition for the next steps of humanity. The fervor and the love of your prayer will help to balance the great number of contrary ideas that the enemy will attempt to spread amongst my children through fear, panic and desperation in emotions and thoughts.

Your focus of work must be the prayer of the Holy Rosary, because in this way humanity will be able to be helped through the great angelic presence. During these next days the Universe, as part of the All-Powerful, will be entering a new school of learning and purification. Hence it will be important to have, with vigilance, the constant prayer of the heart, because this exercise will allow you to awaken more and be less distracted with the events that humanity itself will generate.

God has His Messengers in order to warn humanity, thus for 31 years My Heart has been proclaiming and announcing in Medjugorje the importance of the reparative prayer and of the fasting which prepares humanity for the times that are to come.

As Helping Mother of all the hearts, I want to avoid that My children have to suffer the interference of false testimonials that will only generate the separation of the hearts from the true and one and only flock of My Son.

As I have already announced in Fátima, this time would come to settle and prepare the consciousness of all of humanity. For this I asked Lucia in Fátima, to diffuse the consecration of all souls to My Immaculate Heart. As the Lady Dressed of the Sun, I come again to America and to Medjugorje to awaken all My little children from Earth from their sleep.

Dear children, now all souls and prayer groups are meant to unite themselves as one, as an only spiritual family, as it has been done by the people from the desert, once guided by Moses.

Now, dear children, the time that is coming will not only happen inside this world, but the new time will also touch the whole universe, so that all may be renewed before the coming of Christ. In each one of My children there is forthcoming and the hope; thus if all of you unite yourselves to the One Universal Purpose of the creator, you will be able to take part in the coming of changes, in the coming of the Good News.

May you not be invaded by the fear or doubts, it is time dear children, that your hearts live My message; awaken the faith and the courage through the powers of prayer. I want to form you as new praying shepherds, who are able to guide the new children who in this time must learn to drink from the inexhaustible Source that prayer provides.

My children, as Universal Mother and as Queen of Peace, I am observing the world and all the souls of humanity, because sometimes I can come to you, but other times I only find the inner doors closed. You are on time to open new pathways through prayer.

May pacification fulfill your hearts and fill you with the Light of the Holy Spirit.

I accompany you in this cycle.

I thank My children from Buenos Aires for having had received me and for listening to My call!

Mary, Mother of the Divine Conception of the Trinity.
