DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SAN JOSE, COSTA RICA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children:

I feel that you are worthy children of God when you pray with the heart to My Son, just as you did today. This represents evidence to the Father that all is not yet lost.

It is for this reason that every day I teach you to pray to God and to talk to Him so that when these moments of prayer and of sharing the spiritual task come up, you move forward, taking meaningful steps.

I am at your side to give you the impulse to live the Plan of God and so that you fulfill it from the heart, and for all of humanity.

When every day you unite with this Purpose, you will allow Divine Grace to reach many consciousnesses, a Grace that they would not deserve.

It is in this way, dear children, that the grave destiny of humanity is modified a little, each time that a consciousness takes a new step and undertakes living the prayer of the heart.

And it is in this Marathon of Divine Mercy, and especially in Central America, that this sacred opportunity is given to all.

With a spirit of faith and full of gratitude, continue working on this goal, so that holy atonement may reach beyond Central America and more sleeping hearts are touched.

I thank you for bringing healthy joy to the world.

In reverence and love,

Your Mother Mary, Rose of Peace
