**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF MEXICO, MEXICO,
TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear children,

Today I present Myself before your hearts as the Mother of Guadalupe and Mother of all your Aztec spirits.

I come on this day to Mexico to bless it again and to remind you about your essential purity, because in spite of all you have experienced over the centuries, that purity has not yet been dissipated by My enemy.

By opening your hearts to Mine, My children, I wish you to feel that in this moment your nation must be protected from the influences of other nations.

With this I want to tell you that, for your hearts and lives to be protected from all things, you must keep alive the devotion and the love that characterize you as a nation and as a people.

In the simplicity of your heart, I wanted all of you to recover the values of faith and of purity, so that all the descendants of the Aztecs who live today in Mexico may be able to express the inner love that you achieved in times past.

It is through the spiritual union that your original peoples had with the Universe that the key is to be found which will open the new doors to the future, and where all of your souls will recover the sense of being present and collaborating in this planetary cycle.

I have come as Guadalupe to unite what the white man was decimating in the indigenous consciousness.

For this reason, children, today is the day in which your Aztec consciousnesses, in the name of that incalculable love that you have built inside of yourselves as a people, must forgive the consciousness of the Europeans for having destroyed an entire millenary culture.

In you, My children of Mexico, is the potential for being able to live and express the Mercy of God.

It is in this way that your Mother of Guadalupe, surrounded by all the stars of the Universe, returns to your nation to establish this definite act of forgiveness and of reconciliation as an important moment for liberating all of the past.

Your devotion to the Holy Virgin of Guadalupe has generated an intimate and beautiful filiation of all your people in the Mexican nation with the Mother of God.

Because of this, My children, thanks to the Celestial Father and to all of My children that have collaborated so that this sacred mission could be fulfilled, I was able to return today to your land to fill it again with the codes of love and of pity.

Through this special Vigil of Prayer for Peace in the nations that most suffer from chaos, may your hearts be exalted with the joy and delight of participating in the spiritual triumph of My Immaculate Heart.

I thank you for responding to My call.

Who blesses you from Mount Tepeyac,

Your Mother Mary, Rose of Peace and Mother of Mexico
