**WEEKLY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA,
TO THE VISIONARY SISTER LUCÍA DE JESÚS**

When hearts unite to fulfill the Divine Purpose, imperfections, difficulties and obstacles are dissolved. Because it is in the mystery of true unity that souls balance out one another, so that all of them reach the goal of Meeting God.

Children, each heart, each consciousness has something unique to provide to the Plan, something that is not linked with any material ability. I am talking about spiritual virtues, energies that are so unknown to humanity that are not even found among the concepts of your dictionary. What I am telling you about is not expressed in words. But those who live in the spirit of unity will be able to feel how souls elevate themselves to God more simply and, in an unknown way, tread the path that leads them to the Creator.

Each test that is placed in your lives has a spiritual reason to exist and, even though all seems to be very unpredictable for all levels below God, the Creator does observe in silence the fulfillment of what He has written for the human consciousnesses. The Divine Thought is alive and so is His Plan. Therefore, there is nothing that, for God, is a mystery.

I tell you this so you understand that these are times to build unity, so you may recognize that the instances of approximation to God are not built by anyone individually, but rather by the love that each one has for Him.

The concretization of the Divine Plan is found in the unveiling of unity. That is why it is important that you feel that your miseries disappear when the one you have by your side balances it with their virtues and so one soul does to another, until you build a perfect and immaculate unity, capable of receiving new codes.

For you to reconstruct the world - when it comes the time to do it -, you will need nothing other than unity and love. Try this instances in which you live them not only as something unusual, that you live without premeditating. Reflect about the events and realize how the Creator always prepares you and in any circumstances that are apparently very negative. But when there is disposition and unity, the Creator makes emerge a unique learning experience from it, which will serve for each instant of your lives and much more for the days to come.

Understand, in this way, the importance of responding to the Celestial Call and also the importance of striving day and night to live unity, to let the best of the other transform you and to always provide the best to your neighbor.

Meditate on this learning experience and love the spirit of unity, and that, beyond small instances, it may expand to your daily life in each small detail.

The one who loves you and accompanies you always,

The Most Chaste Saint Joseph
