DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF MANAGUA, NICARAGUA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children:

My intention is to bring peace and light to the world directly from the Celestial Kingdom through your simple and profound prayers. Each time that you say the prayer of the Hail Mary, you allow for My Rays, the Rays of My Divine Consciousness, to penetrate the suffering Earth, and to awaken deep healing within hearts.

Therefore, dear children, I ask you to never get tired of praying with fervor and heart because an important spiritual chemistry is established between your sincere prayers and My intercession for the world. It is as if the door of the Kingdom of God never closed, through which every day I can send to Heaven the lost souls for them to receive an opportunity.

Dear children, it pleases Me to listen, to feel and to hear you through the word of prayer. It is like a clamor, a supplication of the hearts that is permanently heard from Earth and for all of humanity in need.

It is so that from cycle to cycle, with faith and hope, I invite you to renew yourselves and to start losing the fears, the feeling that you might fail and go backwards. Dear children, do not think about your captivity anymore. Remember that I took each one of you out from this state of consciousness. I placed you in My arms for you to be able to feel until the end of days My Immaculate Love.

I invite you to keep faith. The tests can be great, but the love will always be infinite and invincible.

I thank you for responding to My call.

Who always accompanies you without delay,

Your Mother Mary, Rose of Peace
