DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED DURING THE TRIP FROM THE CITY OF MONTERREY, STATE OF NUEVO LEON, TO SALAMANCA, STATE OF GUANAJUATO, MEXICO, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

On the eve of the trip to the United States, your Heavenly Mother is already prepared to enter a field of consciousness that will need huge spiritual help and unfathomable mercy.

Thus, in this moment all hearts are being prepared, most especially all those that will be there, to deal with an important lack of love and of unity.

It is in this way that Divinity will carry out a part of the task with a portion of the nation, with the goal that consciousnesses awaken to a greater reality.

Indifference is the first thing that will be touched in the consciousnesses of the United States, in order that something really changes.

Thus, the divine energy of love itself will help to build a new consciousness in the human beings that are to be found there.

But a great deal of faith and of assurance in the Lord will be necessary, so that the doors to unexpected opportunities may gradually open after Our Sacred Hearts have passed through the United States.

At this hour in which all is defined, Divinity expects to arrive in time for the consciousnesses that will need immediate help in order to give up the aspects that tie them to material life and to the drowsiness of modernities.

During this last part of the pilgrimage, all that is sublime will be descending in order to awaken a consciousness of fraternity.

I thank you for responding to My Call.
Who blesses you,

Your Mother Mary, Rose of Peace
