MESSAGE FOR THE APPARITION OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF WEED, CALIFORNIA, UNITED STATES, TO THE VISIONARY SISTER LUCÍA DE JESÚS

The Most Blessed among all women was proclaimed the Servant of God! Mother of all creatures, Mother of all life, because She gestated, within Her womb, The One that represents all things.

Beloved children, the memory of the birth of Jesus must be renewed in each heart, in each consciousness because, in truth, every year, when you are before this sacred day, you are faced with the opportunity of moving deeper into the greatest mystery of Creation: when God became life in His creatures, crossing the celestial dimensions and all of universal existence to reach that which is densest of all that was created.

You are faced with the opportunity of renewing this divine creation and to perceive that the birth of Jesus in Bethlehem was not only a historical and universal fact; in reality, My children, it was a symbol sent by God that, from that moment on, He would be alive in all humankind.

The Creator came to awaken in the human heart the perfect resemblance to His Most Sacred and Blessed Heart, because His perfection could not remain hidden in the hearts of His children while they were becoming lost and self-degenerating, due to them not knowing it, due to them not discovering it within themselves.

My Beloved Son is still alive and, at each Christmas, He renews the mystery of the divine presence in the hearts of human beings.

God the Father, from the Center of Creation, observes humanity in silence and allows His Son to go through the homes, the streets, the abysses, the churches, the basements... wherever there is a human heart, there will He be, in omnipresence, waiting for one of His companions to remember, with sincerity, His birth, and to ardently aspire to see Him return.

The Creator, dear children, gives humankind infinite gifts and possibilities of evolving and reaching perfection, but His children are distracted, and in everything they become involved with matter, forgetting to look toward Heaven.

On this day of Glory and rejoicing, few are those who truly thank God for having made Himself flesh among humankind; for having made of Himself a Son, when He is the Father of all life.

Where are the humble mangers so that Christ may be reborn? Did anyone remember to prepare it in their own spirits?

My Son waits for you; He waits so that you understand that He will not arrive at the inns of Bethlehem, where comfort and ambition reign. He will want to withdraw from the world, to retreat into silence, in a simple and humble place, where unity with all Kingdoms of Nature lives.

Search for this space, beloved children, within yourselves. Ask the Star of Bethlehem to guide you

and show you the path; because the Light is ready to return to the world. Within you and in the consciousness of the planet, the contractions of the purification for a universal birth have already begun, in which the old will give way to the new human being.

Cry out to Christ, that He may have you be reborn, and cry out for His birth within each one of you. Aspire to have the old human being end its cycle within you, so that the Gifts of the Spirit of God may awaken, which will make of you akin to Him.

Christ is reborn today in the hearts that say yes to Him, and He will be reborn every day in those who open the doors of their inner being to Him because, in Eternity, where time does not exist, every day is a day for a new Christ to be born.

I love you and I bless you, with My Son in My arms, so that through Him I embrace all creatures.

Your Mother, Mary, Rose of Peace
