DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN OKLAHOMA CITY, STATE OF OKLAHOMA, UNITED STATES, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

I return to the place where once I was known and worshipped as the Great Maternal Spirit of Peace, as the firm and strong Consciousness that brought wisdom and clarity to the peoples of the past.

I return, children, as that Sacred Consciousness, which many peoples before you once invoked to become part of Creation and of the union between Heaven and Earth.

I return as the Spirit of Peace, as the Divine Consciousness that in the past inspired the tribes to seek union with that which is sacred and sublime.

Your Heavenly Mother returns as the Sacred Spirit of maternity, as the Condor bird that with Her song elevates humanity to the heights.

Your Mother returns in this new year to a place where an unforgettable history has been engraved and where many of My indigenous children have participated.

I return to the heart of Oklahoma to close the wounds that remained open and to give back the wisdom of what before was so sacred. I come to erase with my Love the Trail of Tears and to re-ignite the beloved worship of those who invoked the divine science of the elements.

I return as the elevated Spirit of Peace to liberate the errors committed and the tests suffered by each one of My children.

I am the Sacred Mother of all peoples, I am the One that announces in Oklahoma the rebirth of a new cycle. I come to unite what is separate and what has remained unfinished within the human consciousnesses.

I return because you have called Me inwardly, and for this reason I am here again, among My indigenous North American children, to revive in them the essential union with what is most pure and held within each noble heart.

I come to seek for reconciliation in the face of all the events experienced. Thus, I come to ask for peace among ethnic groups and among the tribes, between the white man and the native man of this region.

I wish for all to understand each other and, at the same time, to accept each other, that each being offer the best of themselves, as if it were the beginning of the peoples, so that the Divine Will may be fulfilled.

As a Mother that returns to seek Her children, I ask that you unite with the Creator Consciousness and that you express your devotions and your similarities among all ethnicities. Each original peoples is capable of contributing with something real and sacred to the Creator Universe.

Be these Mirrors, as your people once were, who refracted the currents of love and harmony to the whole planet.

Do not be discouraged, children, today I come here as the Great Spirit of Peace because you have called Me and I have decided, in the name of love, to put an end to so much suffering.

Open your hearts in trust to Mine because within My Heart you will be protected, and you will be guided along the path of goodness.

I return to your home so that you may recognize Me and feel Me. I come with the mission of having you recover and affirm your essential values, those that made of your original peoples consciousnesses elevated by wisdom and reverence.

The world still needs consciousnesses such as yours to be able to find the meaning for the existence of so many races with many purposes to accomplish.

Live the Law that you had once incarnated, and do not lose the brightness that in other times had you once reflected, of the purest and greatest innocence of your civilization.

The Great Spirit of Peace comes to rebuild that which once was destroyed by the settlers in their great ignorance.

Now I come so that all may ask for forgiveness, because this forgiveness will liberate you from all ancestral chains.

I am that Spirit of Wisdom that once guided you and guided the roots of your people so that they could fulfill the Purposes of the Creator, because a part of your inner consciousness accompanies and protects the Plan of God through sacred areas of the planet.

Look upon the horizon with hope and you will recuperate the inner joy of serving the Creator. With My presence in Oklahoma, on this day, I come to renew the times and I come so that the indigenous consciousness may again enter into the Real Time, where they will again live the eternal present, and past and future will no longer exist, only eternity and consciousness.

As the Spirit of Peace, I come to make of your paths, paths of love, peace and mercy.

Today I return as the Bird of Light, the one that encircles the essence of your people so that peace may be established. Recognize Me and you will know who I am, and that I have always been by your side.

I thank you for responding to My call.

Who as the Eagle of Light proclaims redemption,

Your Mother Mary, Rose of Peace
