WEEKLY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF WEED, CALIFORNIA, UNITED STATES, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Children, contemplate in the next days the Sacred Heart of Jesus within each one of you and commune with Him in reparation for all the sorrow that He lives during the Christmas festivities, which should be the memory of His Holy Birth, but which, however, has become a reason for perdition and illusion for many souls.

The more time goes by, the more important and definitive the planetary cycles become, but souls become more and more distracted from the Divine Purpose.

In these sacred days, the Divine Messengers are here in the United States because this nation represents the cradle of the illusion of the planetary consciousness. We are here, not only for the North Americans but for the whole planet. We come to root out the evil that makes souls lose themselves so that at least a few may generate the merits to balance such perdition that the world lives.

Children, these days will not be of joy and parties for many souls that are suffering and whose suffering does not stop in these sacred days, because humanity forgets to offer a prayer for those who do not have anything, for those who suffer in wars, for those who cannot proclaim their own faith, and for those who have forgotten that the Sacred Heart of Jesus is upon the world, waiting for souls to open the doors to Him so that He can be reborn and renovate the human heart.

In omnipresence, we will be in all the Light-Communities and in all homes that open doors to us with sincerity, but we will ask you this time that, beyond any celebration, you may offer reparation for the illusions and distractions of the world, and that you may cry out for those who suffer gracelessly and who do not have the possibility of even remember the Living Christ, because they do not know Him and because they live in so much darkness that they cannot recognize the Light and walk towards It.

I know that, at each passing day, chaos increases, and those who pray become more and more oppressed for trying to establish Peace. I know that many believe that their prayers and pleas are not doing anything in the planetary consciousness, but I tell you, children, with the authority that God has given Me, that all who search for results are in the mere influence of evil within the human heart, because it nourishes itself of appearances and illusions. This is the Era of Faith, and the greatest miracle that you will see is going to be the manifestation of the Plan of God that will emerge from the triumph of Love, born from the ashes of the old humankind.

In this moment, only let yourselves be burnt by the fire of the planetary purification, without losing faith and trust in God. Find your own sustenance in the spirit and in the act of serving and helping the neighbor, whether those who are next to you or those who you do not know, but who receive your prayers to relieve their own spirits.

This is the moment of repairing the Heart of God which pulsates within all living essences. For this reason, pray, and offer your lives as a way of balancing what this world is suffering.

I love you and I invite you to renovate the birth of Christ and His sublime humility in the Manger of Bethlehem. Remember this day of supreme Grace and cry out for that the Purity and the Mercy that expressed themselves there to permeate each human heart as well as all Kingdoms of Nature.

Your Father and Friend, who calls you to be reborn,

The Most Chaste Saint Joseph
