**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SAO PAULO, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear children:

Through My presence and the presence of the group that peregrinates with your Heavenly Mother, I am deactivating spiritually what could make half of this city completely disappear, that in its majority is indifferent to the call of God and does not welcome Him.

It is so that your Heavenly Mother and Her missionaries in sacrifice offer themselves to be in the State of São Paulo during the month of October so that the consciousnesses who are here will realize that it is time to leave the point they have reached, time to not remain in their comfort.

Therefore, My children, the Heaven and all that forms the Celestial Universe has its gaze detained in the events that take place in this city of São Paulo; also the Universe observes if the servers of the Most Holy Mother are understanding the importance of keeping alive the house offered for the adoration of the Lord.

It is no longer a time, My beloved ones, to justify yourselves before the urgent need of responding to a call, as well as to the warning, that your most beloved Heavenly Mother makes.

For this reason, a state of permanent transmutation has been installed and some of My missionaries participate and collaborate in this juncture that intends, until the end of October, to leave a seed of greater consciousness.

Therefore all the people from São Paulo, as well as all My children from Brazil and from the world, should have as a goal to collaborate with your Heavenly Mother, for an extraordinary balance and harmony to be installed in the city of São Paulo and for it to be deserving of a greater time of peace.

Your Heavenly Mother invites you to collaborate with the mission to Central America and Mexico in the name of all those who could do it and do not do it.

I want from you a constant operative attitude and not static one. I wish that, as in previous times, the people from São Paulo can come out and help in the maintenance that your house - the beloved Nucleus and island of salvation - performs in the Divine Plan.

I thank you for welcoming each one of My words.

Who waits for you to be more awoken,

Your Mother Mary, Rose of Peace
