DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SAN FRANCISCO, CALIFORNIA, UNITED STATES, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

My very dear children,

Finally, your Most Holy Mother and Queen of Heaven has, with Her Divine Consciousness, entered the United States, thanks to the support and contribution of all.

During the coming weeks, we will begin the long-awaited mission.

In this way, through the union of hearts, the Ideas of God will slowly be set forth and thus My children will be more conscious and consistent with the Divine Plan.

On this day, your Heavenly Mother prepares the field of consciousness to mercifully allow for the codes of redemption and rehabilitation to descend.

The city of San Francisco was chosen by the Divine Messengers to be the spiritual region that will receive all the necessary help so that the entire country may benefit from that which will happen here.

Thus, your Heavenly Mother precedes the coming of Christ as a preparation for the spiritual consciousness of the nation.

Because of this, dear children, all that will happen here in the United States, from the beginning up until the end, will be important, as well as all the support that manifests, which will contribute to the psychic balance of this nation as well as others, no matter how distant it may seem.

From the moment in which your hearts implored Mine, I heard you, and, with the power of love and mercy, I opened the doors so that this could take place in the face of the spiritual need of millions of souls.

Now that the Celestial Divinity looks with eyes of mercy upon all His children of the United States, a door of atonement has opened to bring a sacred and final opportunity from the Universe, the opportunity of truly loving God.

For all that has happened and for what will happen with the help of My children, I thank you for responding to My call.

Who blesses you,

Your Mother Mary, Rose of Peace
