**MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY, TRANSMITTED TO MOTHER SHIMANI**

My dear children:

Today I come to bring peace to your hearts, a peace that does not exist anymore on the Earth, a peace that comes from the Heavens.

In this hour in which your consciousnesses enter into the process of apostleship to the Redeemer I bring in My Maternal Heart the assistance for those who will follow this path.

Listen to My Voice, that which speaks of the mysteries, that which speaks of the path to the Lord. I have good news for all those who trust in My Immaculate Heart and in the Most Holy Heart of My Son.

Today I come to reveal that in the second coming of My Son that evil will intend that the faithful servers of God will not reach the union with Christ. You must be firm in the purpose of the Father and I, the Guardian of the valiant souls, I will be the shield against which the enemy will be broken.

As Mother of the Divine Conception of the Trinity I bring with Me the Holy Spirit so that those who, firm in the project that God has designed for their lives, may maintain themselves in faith and in this way they may be fulfilled by His Light and His Love. His Wisdom, a divine gift of God, brings peace, peace brings strength in the interior of the hearts, the inner strength opens the door to where may enter the certainty to live in the Most High, a path that will bring us to accomplish the Supreme Will.

My children:

Pay attention to all the signs that I will give in each encounter that I have with you. In each one of them I will give a signal, one which will show the path of return to My Son.

He, with His Light and His Love will enter in your hearts with the power to remain there and through you will direct the preparation for His Return.

Today more than every God wants that His children feel inside themselves His unlimited power to love them. He brings again His First Son to this world now so that He can enter directly into the hearts of all those who receive Him.

Do you know, little children, what it is to have the presence of the love of the Redeemer in your heart?

Have you asked yourself if you have the courage to love as Jesus loved?

Prepare yourself without fear in body and soul that Christ may live in you and love through you.

Remember, search for My signs in each meeting with me.

I love you as I loved Jesus.

Mary, Mother of the Divine Conception of the Trinity
