DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED DURING THE TRIP FROM THE CITY OF SALAMANCA, STATE OF GUANAJUATO, TO MONTERREY, STATE OF NUEVO LEON, MEXICO, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

While the world does not listen to the Voice of God through the Celestial Messengers, on the other hand, an important opportunity presents itself to one part of the planetary consciousness that consciously or unconsciously participates of this moment.

Here I speak to you, dear children, of an indescribable atonement, able to modify the destiny of millions of consciousnesses when touched by a Grace that they would not deserve as a nation or as a people. But prayer has opened the correct doors so that in an unexpected way this event could take place.

It is so that all the angels of the Universe prepare themselves for this moment in which the Mercy of God will be poured out for the humanity that needs redemption and true Light the most. In this way, dear children, the Celestial Messengers will open the path to be able to concretize in the spiritual consciousness of some nations a project that previously was impossible to be carried out.

Once more I invite all My praying children to continue accompanying their Heavenly Mother in this unique and extraordinary mission for peace in the world. I lovingly invite you to continue collaborating in all possible forms and with all the possible campaigns. Because thus, My children, more nations and peoples will benefit in the spirit through this divine cause and no longer it will be necessary for them to live the path of suffering.

For all the efforts, I thank you for responding to My call.

Who blesses and heals you,

Your Mother Mary, Rose of Peace
