DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF ORLANDO, FLORIDA, UNITED STATES, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

When your Heavenly Mother gains a victory in a spiritual battle, and the plans of My adversary are disarmed, another battle arises which is perhaps even stronger, but which will not make of My soldiers consciousnesses unable to serve.

Each inner battle that a server faces comes to strengthen them, and to confirm them in the Divine Will.

The duality that this world lives allows consciousnesses to choose what path they will follow.

Thus, each inner battle is a moment in which to make ever new attempts toward perfection and toward transcending oneself.

When the disciple of Christ stumbles over the same stone at each inner battle, they must keep in mind that within this dual system of learning, one can only learn to love the errors every day so that this inner love may be sufficiently great and mature enough to be able to forgive everything.

If your Heavenly Mother, as an incarnated human being, had not felt or lived these high degrees of love, perhaps the Passion of Christ would not have had great results, because Christ taught on the Cross that love has the power and the victory over all errors.

This is what your lives must always keep well in mind, because otherwise you will never be able to liberate yourselves from the chains or the errors that you live.

The consciousness changes its focus when it manages to live and feel the degrees of love, because this will place it at another level in the school of redemption and forgiveness.

I thank you for responding to My call.

Who heals your wounds spiritually,

Your Mother Mary, Rose of Peace
