DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

To be able to liberate you from the bonds of the human condition, there must exist in your hearts an adherence capable of transcending all the limits of terrestrial consciousness.

For this, dear children, the first step is to have faith and hope that this liberation will take place and will make of each moment an opportunity to evolve.

In this time, the souls present in the world will face their purification without even knowing it, but that heart that has as a premise a life of continuous prayer, will find the keys it needs to make of each experience, as well as of each test, an opportunity for transcending the abysses of consciousness.

The Universe will present each being with the moment of taking its definitive step toward the unknown and of being able to become disentangled from the bonds of the Earth.

For that moment you must be prepared in prayer, because in this way your hearts will be able to count on the help of the angels to walk firmly towards the final goal, which is to come together with My Son after all the experience of this school.

The Father, by means of His redeemed children, will write a new history that will later be told on the New Earth and in the new humanity as the events that have allowed the whole of this race to have an opportunity of living inner redemption.

I leave your paths clean, so that you can walk firmly in the transformation of consciousness as a continuous offering to the Creator.

I thank you for transcending yourselves a little more every day.

Who gives you the impulse to upliftment,

Your Mother Mary, Rose of Peace
