DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED DURING THE TRIP FROM THE CITY OF MEXICO TO SALAMANCA, STATE OF GUANAJUATO, MEXICO, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

While My mission of peace in the world spiritually progresses, all that is outside of this Purpose is removed and transmuted by those whom I have chosen to accompany Me on this sacred task.

Meanwhile, your Heavenly Mother carries out this sacred mission with good results, which on the inner planes widely favors the souls of the whole world.

Thus, today I bring you the awareness that, despite everything, what is taking place is part of a cycle of sacrifices, so that greater situations are not triggered in humanity and especially on the planet.

I want to encourage you to serve with greater surrender because in this way your hearts and lives will be within the Purpose, responding to the Call that God will give you, day by day.

By living this absolute sacrifice as Christ that Your Lord experienced, all will be consummated and, by means of your surrender, the planet will be maintained in greater balance.

Have courage and bravery.

I thank you for accompanying Me.

Who consoles you and heals you,

Your Mother Mary, Rose of Peace
