**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

My children,

Time is passing in the lives of all souls and, today again I invite you to be in My Peace.

Dear children, in order to remain in this Kingdom I invite you to live in prayer. Today, once again, I reiterate this request in the face of the need for love and unity among the hearts of all My children. When in truth you accept to be in the Celestial Kingdom of Peace your lives will reach harmony and peace in the heart.

When I tell you that time is passing in the lives of My children, it is because few stop to look and to pray to the Heart of My Son. The souls distance themselves from the source of life without noticing, even more so when many hearts reaffirm their personal truth.

Being the Mother, Help of all Christians, and the Queen of Peace, of Love and of Salvation, I ask that you never forget to live in the presence of Jesus. In this way, with a loving gesture that is born from your heart towards the neighbor, you will help to reverse the lack of consciousness and the lack of aspiration to search for Jesus.

As I have said to you before, dear children, He waits for you in the silence of the heart; therefore, do not detain yourselves in time and start to pray at each moment of your lives. The Lord of the Universe will be thankful for your collaboration.

Dear children, for this reason today I tell you to remain in the Love of God, because the Love of God will be the shield for your protection and this Divine Love will serve as help for your decisions in life.

Surrender your very little wills so that the Living Christ may find rest in your dwellings. Light must enter the hearts of all

My children, even more those who must initiate the path of the conversion of the heart.

Let us pray for all of them.

I thank you!

Live in the humility of Jesus.

Mary, Mother of the Divine Conception of the Trinity
