**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS**

By praying the Rosary every day souls will place themselves, more and more, at the feet of the Lord. They will receive the balm of the Mercy of My Son and in this way the gravest faults will be forgiven by the Love of God.

Dear children, for this reason today I call you again to persevere in the purpose of prayer so that your hearts may distance themselves from the wiles of the enemy. Maintain in your lives a rhythm compatible with a life of prayer. Create indispensable moments of prayer so that your souls may be present in each moment of your lives.

When I invite you to observe a rhythm of prayer, I am calling you to maintain a conscious spiritual and inner task at this end of times. Your hearts and your lives must feel thirst for prayer and for the discovery of the Divine Mysteries that faith awakens in your hearts.

My children, for this, seek the source of your inner inspiration in Jesus, and His Sacred Heart will show you the correct path towards the redemption and reconciliation of each one of your lives.

It will be important, dear children, to maintain constancy in prayer because this will prepare you to face the times that will arrive for the planet.

My dear children, today I call you to have as a premise, this request of Mine, which will lead you to understand where the victorious essence of love and forgiveness is to be found.

My children, as Divine Mother, more and more, I want all My children to be considered for salvation, because I know that all should live in the beauty and the Light of the Love of Paradise.

Your sincere prayer will form the New Earth of God.

I thank you!

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity
