DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE MARIAN CENTER OF FIGUEIRA, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

The Mirror of the heart has the capacity to radiate that which is most subtle and pure that exists within each being. That is, all that comes from the Creative Source.

The Mirror of the heart, in essence, can potentiate and, at the same time, attract currents of healing and love from the Universe. Because the Mirror of the heart can be in the void and, in this state, maintain the necessary neutrality to be able to face each new stage.

The Mirror of the heart is humble, and in this humility, it can receive the Gifts and Rays that will allow it to fulfill its task upon this planet. Because in the Mirror of the heart a void is kept, which allows it to be filled with new principles of redemption and transfiguration.

The Mirror of the heart corresponds to the area of the region of our chest where the most important treasure of life inhabits: the heart. There, the Mirror of the heart spiritually develops provided that the consciousness, the incarnated soul, reflects the requirements and the necessary patterns in its life to carry out the task of love for the planet and for humanity.

The Mirror of the heart is invincible and, at the same time, opens to the changes that the consciousness needs in order to live.

I thank you for activating the Mirror of your hearts.

Who loves you,

Your Mother Mary, Rose of Peace
