MESSAGE FOR THE APPARITION IN THE CITY OF MONTEVIDEO, URUGUAY, TRANSMITTED BY THE BLESSED VIRGIN MARY, QUEEN OF PEACE TO FRIAR ELÍAS

Dear children from the city of Montevideo:

For the Grace and the Mercy of God today you receive My maternal visit in your little hearts, as you will also receive me during the month of March with the coming of Medjugorje and Its Divine Message to Uruguay. I want you to understand My dears, that in these events of the end of time My Consciousness of Maternity tries to help the largest number of hearts, the ones that need a primordial help to be able to live the conversion.

With joy I will descend today for one more time from Heavens to irradiate to you the Merciful Love of My Son and to encourage you to continue through the path of redemption.

Dear children, as Mother of Divine Charity the reason of My coming is to renovate and to support all praying groups consecrated to My Maternal Heart and for this I ask you to start the first path of the inner Apostolate through charity and love that are so necessary for the times of today. This maternal call is required for the groups of Uruguay and I want that, in the same way, the other children from the different nations prepare themselves to work in the name of the Love of My Son for those who need peace and reconciliation the most. The path of charity is found through the donation of a sincere heart that wants to serve the Lord.

Children, God needs that by means of works of charity many irreparable faults that happen, for example, in the great cities, may be forgiven through the Mercy of My Son.

Dear children, I am with each one of the hearts to encourage them to be in My Hope and in My Maternal Grace that only wants to strengthen you as true servers of My Son. In charity you will find many keys to transformation and to the conversion of life, it is an inner communion with Christ because in this charity will be relieved the suffering of consciousness and will be healed deep wounds. In charity is present Christ the Worker, My Son Jesus who manifests himself among the creatures to reveal love to each heart.

Dear children, Montevideo as a soul needs to deepen in charity, in this way to abandon the action of commodity. All must be workers of the Heart of Christ and extend the hands to the ones who need the most. Imitate the example of those servers of this country who work for love of Christ, for My Son.

My dears, it is time to wake up! The Plan of God needs you because in this task My Maternity will accompany you. Be brave and with courage walk with faith to the new time!

I thank all of My children from Montevideo for having received me with so much love!

Thank you for listening to My call.

Mary, Queen of Peace and of the Celestial Universe.
