DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED DURING THE TRIP FROM THE CITY OF CRYSTAL RIVER TO MIAMI, FLORIDA, UNITED STATES, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Every day, dear children, I try to have the world become aware of what it is going through in this time, and of the perfect formula of prayer, as a means to liberate and unblock planetary processes.

Through the prayer of the heart, which is worked with every day, souls gain access to luminous and divine codes that help them take their steps and gradually overcome the obstacles that present themselves on the spiritual path and in their own purification.

It is in this way that, from time to time, when I descend to the planet, I remind humanity that the way out of certain worldwide situations and problems is found in prayer, even though it does not seem to be so.

True prayer will place any soul, under any condition, in the Arms of God, and, thus, the soul will be able to be fulfilling Divine Will.

I wish that all of My children could recognize, in this time, the inner transformation that they have experienced since the moment in which they assumed the path of prayer as a means of redemption and of transcendence.

I leave this reminder for all, because the power of prayer in the end of times will be indispensable and necessary.

I thank you for responding to My call.

Who contemplates you with love,

Your Mother Mary, Rose of Peace
