DAILY MESSAGE OF CHRIST JESUS,  
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS

Dear servers:

Take care of My messengers because without mediating messengers it will not be possible to give My message, My instruction, and without instruction the awakening and the salvation will not happen.

Recognize in humility who you have at your side, love the task that God conceded to you, because if you do not love the task dears, the Plan will be incomplete.

These are already My last intercessions before the Universal Judgment, for this take care of the instruments that My Heart chose to give to all My Good News. See this beyond the material life, see

My words from the Spiritual Consciousness.

Under the Mercy of God, be blessed.

Thank you for guarding My lessons in the heart!

Christ Jesus of Nazareth.
