**DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO FRIAR ELÍAS**

My dears:

May this day of reparation to My Most Sacred Heart be considered for your consciousness to be of the highest religiosity, devotion and prayer. Because, in this state of union with My Universal Spirit you will thus be repairing the great scourges that some souls cause Me and, as consequence of this, the power of My Mercy will save and will intercede for the souls that need it the most.

Dears, the day of Friday must be considered a day of much inner prayer with Me because week by week I will be preparing you for the Saturday days of Mercy. This inner exercise will consist in: that all those who aspire to be more consciously in My Sacred Heart contemplate me during three key times: at dawn, at noon and at dusk.

These are the culminating moments in which My Christic Consciousness will be present irradiating itself to the world and over those consciousnesses that may unite themselves to the Glorified Christ.

Children, you are called as a group of souls to worship me in these three significant times, those which make reference to the moment of My Passion:

during dawn when I was given to the scribes,

during noon when I was condemned and

during the night when My flagellated Body rested in the Holy Sepulcher.

I transmit to you that if you worship me to repair and restore these three moments that My Heart remembers, even when humanity day by day flagellates My Heart, the miracle of My intercession may happen for those that in the world condemn themselves gravely for their faults.

But My Mercy will not observe as a judge the actions that offend God, My Heart will be the Savior for many. And especially over those who worship me during these three times under the advocacy of the Merciful Jesus, I will pour My wonders and My Graces in the hearts that open themselves to receive me through Worship.

At least I aspire that this exercise be carried forward in My communities so that in this way the souls may learn to feel with the heart Who guides them for this final time.

I will thank you for this spiritual time that you may dedicate to My Consciousness. Whoever worships me may get to know through silence My Restoring Love. All those who in their homes, families and cities respond to the call of the days of Friday may be helped by My Sacerdotal and Shepherd Consciousness.

Under the Love of God, be blessed.

Thank you for worshiping My Most Sacred Heart of Love!

Christ Jesus.
