DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SAN ESTEVE, MONTserrat, BARCELONA, SPAIN, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN, ON THE OCCASION OF THE ANNIVERSARY OF THE APPARITIONS OF MEDJUGORJE

Feast of Saint John the Baptist

Dear children,

May humanity renew on this day its spiritual baptism, and not its habits.

On the Feast of Saint John, may souls remember the message of this holy man, cousin of Jesus.

May all return to the Kingdom of God, which is much forgotten.

May the majority of souls unite again with God and not with all that is lived and fostered on the surface of this world.

On this festive day of Saint John, may the consciousnesses of this planet celebrate the Sacrament that Saint John brought to the world: the possibility of being renewed by the Father, by the Son, and by the Holy Spirit.

On this day may you not only remember your baptism, bestowed by the priest through water, but also remember the spiritual blessing bestowed by the Holy Spirit.

In truth, the purpose of the feast of Saint John, as of the other saints, was distorted by My adversary; he was able to draw the attention of all souls toward something external, mediocre, and superficial.

Instead, on this day, Saint John brings the message that, at each new year, souls may be renewed in faith, remembering the Sacrament of their baptism and confirming themselves before God and before His Divine Will.

Baptism is the blessing that the soul receives directly from the Source of Grace and of Mercy that allows it to be liberated from stains and all sins.

The purpose of the Feast of Saint John was that souls that communed on this day could renew their baptism through an act of faith and of union with Christ.

Nowadays, this intention is far from the attention of souls, and many of them, instead of renewing themselves, condemn themselves to Purgatory without even realizing it.

Thus, your Mother, the Queen of Peace, on a 24th of June in 1981, descended to Medjugorje at the Feast of Saint John, to try to reverse this human custom that, up to today and after 35 years of Apparitions, continues to carry many souls to the precipice.

The choice is in the hands of each soul.

Your Mother, the Queen of Peace, came to Medjugorje to unite again a people that had been destroyed and separated by war.

My Son asked that on the Feast of His cousin Saint John, His Heavenly Mother appear to remind the world of the time that it still has for returning to the Heart of God and cease offending Him.

After 35 years in Medjugorje and almost 10 years being present in South America, the Mother of God comes to warn Her children that it is urgent to convert and to surrender as soon as possible to the Love of God, in order to not lose inner peace when the world is violently purified.

Thus, today the Queen of Peace descends to confirm one more year of Her maternal and loving Presence among Her children who love Her and that invoke Her.

The Celestial Father hopes that, as soon as possible, all may look within themselves to perceive how urgent it is that there be a change in humanity, before the definite door to Holy and Divine Justice opens.

Today, on the Feast of Saint John, your Celestial Mother comes to awaken many hearts from the earthly dream and from a hypnotism, who are far from the Kingdom of God and walk towards suffering.

Through the work of Grace, the Queen of Peace invites all Her children to renew today their baptism and that they also do it for those that no longer remember this spiritual blessing.

On this day of prayer for peace in the nations, let us remember the coming of Mary, Queen of Peace, to Medjugorje, so that the human consciousness may be elevated and purified.

Your Heavenly Mother returns to Barcelona, because there exists here an open path to begin to live this change that Gods so expects to see manifested in humanity.

I thank you for responding to My call.

Who blesses you, renewing the Sacrament of Baptism,

Your Mother Mary, Rose of Peace
