WEEKLY MESSAGE, TRANSMITTED BY THE BLESSED VIRGIN MARY TO SISTER LUCÍA

Dear children of My Heart:

Today I come to teach you to open the doors of Heaven and to call for the Mercy of God through the absolute trust in the Creator.

The souls need day by day the intervention of your hearts. They need the donation of the redeeming word that may leave from the hearts of My children, of My soldiers of prayer.

It is time, My children, for you to donate your lives completely to the Lord. It is no longer the moment to have your own eyes upon yourselves, but thus to permit the Lord to place His eyes upon your beings and take care of you day and night.

Our Lord God sent Me, I who am blessed to take care of His creatures, to vigil His little children. And He will send me My children so that you may forget yourselves and take care of each other under the Love and the Forgiveness that I give to you all the time.

It is the time of service, of charity, of donating oneself completely for the good of souls.

And My dears, you will find service in the little things of the day, of the fraternal life of liturgy in the communities and in the families.

You will discover that charity is also in everything and for all. Each being that your eyes may encounter is a child of Mine worthy of charity and compassion, and the state in which they may be found is of no importance.

If your hearts accept to be the extension of My pure and immaculate Love you must live for the Love of the Creator, offered to the necessities of the world. Because those that offer themselves to overcome the need of God in your brothers and sisters will be overcome by Him during all eternity.

The donation of oneself is the path for the hearts that wish to have merit for Paradise.

The power of prayer and of charity will transform you always if you allow it and will conduct you to the encounter with My Son.

Those that follow the steps of Jesus Christ through the Gospel will find the secure path that has no end other than the Heart of Christ.

I come to remind you that it is time to live in Me, in Christ and in God. And this is reached through constant prayer pronounced with the heart, through fasting realized for Love and for the Redemption of the world, through confession to free the sins and through charity to encounter God in all things.

Listen to these words with the heart My children, because it is only there that you may encounter the strength to follow them. It is only the heart that dissolves the impossibilities and that allows the

search for Christ and for God in every moment and in whatever circumstance.

When I tell you "enter into the heart" it is because I know that there lives the most pure that exists in each one. And I know that one who lives from the heart never fears anything, never sees obstacles to realizing the will of God.

A server in this time, My children, is the one who is always in the heart and rests there.

Thank you for responding to My Call.

Mary, Mother of the Divine Conception of the Trinity.
