WEEKLY MESSAGE OF SAINT JOSEPH, TRANSMITTED IN THE CITY OF FÁTIMA, SANTARÉM, PORTUGAL, TO THE VISIONARY SISTER LUCÍA DE JESÚS

Enter into prayer in the Reliquary of My Heart, so that you may be able to understand the truth about yourself.

Contemplate the Reliquary of My Heart as someone who is before a great mystery, which is theirs, intimate and unknown at the same time.

Human life holds many contradictions within itself; this is why it is so difficult for you to know yourself, just as the Universe is difficult for you to know, when contemplated from the Earth on a starry night.

Child, if you do not seek that which is beyond the stars, you will never know what is there. In the same way, if you do not seek what is within yourself, you will never leave the appearances, what you seem to be to human eyes, and you will not recognize yourself to be as infinite and as perfect as the vast Universe.

The science of Divine Creation is not revealed through studies and technologies, but rather through the wisdom of the spirit, which is born in the heart when this learns to be humble and simple.

That is the path to spiritually step into evolution and not come to a halt, to not hold back one's own steps. For this reason, today I only tell you that if you want to unravel universal mysteries, begin with the unfathomable mystery that you are to yourself, then contemplate the Reliquary of My Heart and discover in humility and simplicity - which through the Grace of God, I achieved - the path to finding the Truth.

With this simple impulse, I bless you and I tell you: go in search of yourself, so you may find the Will and the Gift of God in your small consciousness.

Your Father and Friend,

The most Chaste Saint Joseph
