DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF MENDOZA, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

The mission that has already changed

Dear children,

On the 13th of October, while your Heavenly Mother was visiting Her children of Argentina at the Marian Center of the Holy Spirit, My Voice of Mother reminded all the importance of the materialization of this mission; above all the second part of the mission which corresponds to the nation of Chile.

The efforts that, for example, My children of Argentina made until today, were seen; this is what has allowed this sacred mission, integrated by all those who pray, to be able to reach the city of Mendoza.

The importance of the materialization of the spiritual task of the Divine Messengers with the nations, and the conscious collaboration of those who directly or indirectly participate in this Work of love allows to generate the necessary bases so that the Plan foreseen for each nation, as for each part of humanity, may be fulfilled and, specially, certain catastrophic events be prevented.

Thus, the souls, with a little more material time, can meditate and reverse their errors, travelling, as of this cycle, the path of redemption that My Son offers.

The materialization of a divine mission as the one of Chile includes many factors, some of them in favor and most of them against, since the mentioned nation, in the last times, has not been receptive to the spiritual and inner changes that it needs to live.

This is the reason why Chile, as a country, has faced processes of purification through earthquakes, tsunamis, tremors and recently, through the very serious fires.

In 1981, your Heavenly Mother presented Herself as the White Lady of Peace, in Peñablanca, Chile, with the aim of stopping the serious errors of dictatorship and of the disappeared, which became a regional process of all the Southern Cone, promoted and planned by the mentioned nation.

In this sense, the spiritual debt acquired by Chile is, at this moment, unpayable.

It is thus that the Merciful and Compassionate God decided to risk this pilgrim mission through Chile to try by all means for this nation to have an opportunity.

As in the last months the support and the collaboration for this pilgrimage has come from very few donor hearts, the mission through Argentina, in this last phase, began to feel the lack of means and of resources to be able to continue.

When the Divinity presents the program for a pilgrimage it means, in the first instance, an aspiration that the most awaken humanity is called to help to concretize, as is the case of Santiago, of Valdivia

and of Punta Arenas.

But as this aspiration, until the moment, has not been totally manifested, today, as Mother and Intercessor of the just causes of Heaven, I see Myself in the duty and in the commitment of announcing that the pilgrimage will fulfill half of the foreseen program.

However, with the few resources received, we must reach Santiago de Chile, so that, one way or another, Chile may receive at least one part of all the Grace, of the Redemption and of the foreseen Mercy.

For this to be possible, today I come to ask the world to at least help your Heavenly Mother to carry forward this mission in three places that I have chosen for this purpose. They are: Santiago, on 24th and 25th of October, Viña del Mar, on the 28th of October, and Valparaíso, on 5th and 6th of November with the Marathon of Prayer.

These places chosen by My Heart are relatively close and are within the possibility of the resources received.

However, dear children, the help for all of this happens will be essential.

The next visit to Valdivia and to Punta Arenas will remain an inspiration of your Heavenly Mother, in the hope that, in another cycle, your consciousnesses may already be in another point of awakening.

I thank the company of all My children and again I thank the loving efforts.

Who blesses you always,

Your Mother Mary, Rose of Peace
