DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE COMMUNE OF OLMUE, MARGA MARGA, VALPARAISO, CHILE, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Mary, Guiding Star of Chile

Dear children,

Today I appear to you as the Lady of Mount Carmel, Patroness of this nation and of this people.

I come on this extraordinary day to grant more Graces and help to My children of Chile, so that the souls walk on the path of repentance and of reconciliation so that, finally, peace may be established in the Chilean hearts that do not have it yet.

For this, dear children, I wish to renew the advocacy of the Virgin of Mount Carmel so that all Chile adopts it as the Divine Face which is destined to protect and shelter the future of this nation.

Dear children, I come to ask you, on this day, for the establishment in this country of the pilgrim Virgin of Mount Carmel, who, after having travelled in Chile from North to South and from village to village, She can also make a pilgrimage through other nations of South America, just as other sacred images have pilgrimage in several places in the world.

My second request, on this day, is that in each home of each Chilean child an altar be established of prayer in honor of the Lady of Mount Carmel. This will help to consolidate families; it will help to unify the fraternity among beings and the love among the consciences.

I would like each Chilean home to be protected by the Little Virgin of Mount Carmel, so that they never lack the necessary guidance and protection on this path of pilgrimage through the Earth in search of the blessed motherland

The Virgin of Mount Carmel represents for each consciousness of Chile, the Principle of salvation, of the redemption and of the reconciliation.

The Virgin of Mount Carmel, by means of Her intercession, brings the opportunity so that our souls unite to God, to His Divine Essence. She is the Patroness of the sailors and the Star that guides consecrated life.

To the Virgin of Mount Carmel, many Graces are attributed, that we can receive from the moment of our sincere consecration to Her Holy Face.

The Virgin of Mount Carmel attracts, to the Consciousness of Chile, the path through where the most separated souls can again unite and, in Her Immaculate Heart, dissolve the root of the indifference, of the lack of love or of the absence of charity.

Chile has, through the Virgin of Mount Carmel, the possibility of attaining inner peace as well as the opportunity to close the uncertain doors that were opened in the past of this nation.

The Virgin of Mount Carmel brings to Chile the moment of the pacification of the hearts and, at the same time, the awakening of the consciousness toward a Greater Purpose.

The Mother of God calls to each Chilean heart so that, on this day, it consecrates to the Virgin of Mount Carmel and thus each one can be the depositary of the Graces that the Most Holy Mother brings from Heaven.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
