DAILY MESSAGE OF CHRIST JESUS, TRANSMITTED TO FRIAR ELÍAS

May My Peace be in you!

My words are unmistakable because each time that My Heart talks to you without hurry and without time I pour My Merciful Love over you as souls of the Creator. Who gives me everything, gives me all and empties themselves of themselves to walk without any weight and, free from the past, finds light in future.

Today I open one more time the door of your hearts so that they may feel that My Heart seeks to redeem you and to transform you into true servers. Sometimes My Words resonate little because you listen to me all the days. My Voice wants to awaken in you My Consciousness, for this I am with you all of the days and I do not get tired because I see the greater need for your lives.

If you just heard me in silence your life would reach the harmony and the order that you so much seek for. I am here as your beloved Savior and Redeemer, hoping that through your consecration you take more steps forward, so that they may be larger, the number of souls that receive the impulse of awakening to My Heart of Love.

If you as souls walk and maintain the common purpose the world will be already able to be another, and from your inner beings, it will reflect the light of Life, of Peace and of Love. For all and with all there must be love, including in the moments of great and chaotic mistakes and for those that make the souls less prepared in consciousness.

If you love, love will heal you. If you love, love will make you understand. If you love, you will be able to get out of yourselves because love will always show you the way out and the answer that you, with anxiety, seek for. Nourish yourselves through love and prove the power of its existence. Transform your inner world entirely for Me.

I will help you, I am here waiting for your important yes.

Under the Love of God, be blessed.

Thank you for guarding My words in the heart!

Christ Jesus, your Lord.
