MENSSAGE FOR THE APPARITION IN THE MARIAN CENTER OF FIGUEIRA,

TRANSMITTED BY THE VIRGIN MARY TO SISTER LUCÍA:

Dear children, I bless you on this day of today one more time, so that your hearts may prepare a space within themselves to receive Me.

I send through my Hosts of light the great Grace for your spirits, it is in this way my children, that I confirm day by day My presence together with each one of you, through the prayer done with the heart. And in this way I ask you that you pray daily, as you pray to wait for me. May you feel the flame of true prayer in your little hearts and allow that this flame grows each day, expanding itself in your inner.

My dears, I want today that you feel how My heart comes more and more close to your hearts, because in the same way comes close the return of My Son.

The Lord sent me to prepare a pure dwelling within each one of you, so in this way I ask you to not forget to commune with the Spirit of Christ through the Eucharist. This is the Great Miracle that God conceded to you: a Font of Mercy made alive, converted into bread and wine to enter into His creatures.

In the same way as My Son taught me, I want today to teach you to be the faithful servants of the Lord. And through the communion and prayer, that your little feet may take the firm steps on this path.

I guide you and love you. I thank you, under the protection of the Holy Rosary.

Maria, Mother of the Divine Conception of the Trinity.
