MESSAGE FOR THE APPARITION IN THE CÉU AZUL NUCLEUS, BELO HORIZONTE, BRAZIL, TRANSMITTED BY THE BLESSED VIRGIN MARY TO MOTHER SHIMANI

My dear children from Belo Horizonte and from all of Brazil:

I have come here today so that all of you may know that My maternal aid is always available in your lives.

I want that you receive today in your hearts the Blessed Virgin Mary, Mother of Christ Jesus and of all of the beings of this Earth. If you receive Me in your hearts, I will bring peace to your lives, I will help you to reinforce your faith and I will conduct you to the Sacred Heart of My Son.

In this time of great definitions for humanity, I summon you to pray with the heart in a sincere and devoted way so that I may give your prayers to Our God the Father and I may intercede for the life of each one of you.

Today I also summon you to pray for the election of the next Pope, who will have the difficult task of representing and taking forward in this world the instruction that My Son left. I ask all of the Christians and non-Christians that they unite themselves from the heart, and ask the Spirit of God to descend during these moments of deliberation.

You will soon understand, dear children, why you need to be united among yourselves and to Me to pray for the events that will have repercussions on the spiritual life of this humanity.

Today I want to leave over this city all My love and My comfort. Remember that I have already told you that you can leave your sufferings at My feet and that I will transform them with My Maternal love into joy and faith.

If you open the door of your heart to Me, My love will liberate you from all anguish and all pain. Pray with Me, beloved children, and allow that I may guide you towards the Blessed and Sacred Heart of My Beloved Son Jesus.

Have faith in what I announce to you because soon you will recognize the signs that will be seen in the skies, signs that announce the new time for all.

Pray, pray with faith, with peace and with determination and do not get tired of praying!

Today I bless this house that is an example of love and devotion to My Immaculate Heart. I ask that in this wonderful garden you may find a place so that My immaculate image may radiate and always protect the tasks that are realized here, and guard your souls from any evil.

In the same way as in My house, in the city of São Paulo, this will be a fortress of prayer and faith where the souls, in perpetual vigil, may find refuge and comfort.

My beloved Marian groups of all of Brazil:

It is time to pray in unity, to elevate in prayer the pleas towards Our God the Father for this humanity. I will be your mediator. Pray for our nation and for the world in true union so that I will be there together with you.

If all of the Marian soldiers of the world prayed in unity, nothing bad would happen in this humanity. Remember, My children, My words of Mother and place them inside of your heart to always have them present.

Prayer and unity: this will be the key of the salvation of humanity.

Thank you for being gathered here today, dear children, for answering to My call for prayer and peace.

Mary, Mother of Jesus and of all on this Earth.
