DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SANTA ELENA DE UAIRÉN, GRAN SABANA, VENEZUELA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

May the doors of the inner and celestial worlds open so that the redeemed can enter and invoke the sacred name of Emmanuel.

May the self-summoned get together to create the alliance with the Holy Spirit of God.

May the so-called children of Adam recall the principles of the ancient race so that the Laws become visible and the universal Harmony establishes itself.

May the consequent ones manifest the wise gratitude and, from now on, banish the human aspects which led them to damnation.

May the brave ones purify themselves so that, clean of all stains, they can receive the rays of the transubstantiation.

May the pilgrims and the searchers of the sacred knowledge never get tired and never stop searching for the source of Humility.

Everything is ready to take place in the new Humanity; the old acts and the old customs will be banished so that the new and sacred Sun of the Universe can shine within each soul.

May no one stop the descent of the Kingdom of God so that those who are farther away from the Truth can rediscover the meaning of being in this life.

Forge ahead disciples of Christ! Walk barefoot from your old alliances with the world, this will free you from everything and make you worthy of the divine and infinite Mercy.

I thank you for answering to My call.

Who unites you to the Principle of Love,

Your Mother Mary, Rose of Peace
