DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE HOUSE OF MARY, OUR LADY OF THE POOR, IN THE CITY OF CARMO DA CACHOEIRA, MINAS GERAIS, BRAZIL, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

My dear children, servants, and collaborators of the House of your Heavenly Mother, Lady of the Poor,

Today I bless you in the name of the Father, the Son, and the Holy Spirit, and through this blessing, I open the doors for you so that the spiritual and moral bases of this House may be renewed, after the cycle lived during these last months to the present.

I come with the aspiration that the House of Mary, Lady of the Poor, may be broadened and expanded, in order that the luminous Mantle of your Universal Mother may be extended towards more homes in the region.

For this, children, with the collaboration of all the Children of Mary who I have consecrated in the world, I am calling you, one by one, so that as from this new cycle of renewal, the House of Mary, Lady of the Poor, may be expanded, responding to the current needs; this will help in organizing, according to the gradual and proportional growth of the Children of Mary.

That is why I need the collaboration of all the Children of Mary, be it little or a lot, so that this blessed House may expand and respond to the needs of souls.

Another purpose that your Mother gives you today is the manifestation of two new rooms of prayer for the pilgrims and the families of this city who will need to keep alive the impulse of prayer from the heart, as well as an indispensable eucharistic union with My Beloved Son, because He is the great Light for this world.

My wish is to have a great room of prayer where all manifestations, Faces, and Apparitions of Mary in the world may be present, in order for the House to be that which unites hearts of the five continents of the world.

The second room of prayer will be an oratory for silent prayer, and will have the spiritual mission of presenting the Most Holy Body of My Son to the pilgrims, on Saturdays and Sundays; this will help the humble families and the city itself receive a greater spiritual help.

For that, children, I need the Sacred Communion to be celebrated here in this House, at least on Sundays at 11 a.m., allowing the priestly and religious aspect of the Order to become known.

There are still many projects to materialize, and furthermore, the House of the Children of Mary must have its space of contact with all the Children of Mary in the world within the portal of the Divine Mother; there, the House of Mary, Lady of the Poor, must become known worldwide.

A los guardianes de la Casa les corresponderá ir al encuentro de todos los peregrinos de la ciudad para que cada día más peregrinos se aproximen aquí, a Mi Corazón.

The guardians of the House will be responsible for going out to meet all the pilgrims of the city so that each day more pilgrims come here, closer to My Heart.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
