MESSAGE OF THE HOLY VIRGIN MARY, TRANSMITTED TO MOTHER SHIMANI

My Heart rejoices in yours and in your brothers and sisters hearts.

Days of Glory are coming in which we will be eternally in the Grace of the Father God.

Dear children,

Today I come to thank you for the warm reception you have made to My requests. This activates My plans of peace for this part of the Earth and prepares the coming of My son, Christ Jesus.

I am with you in these preparations, to which I call to all of My children to participate in. I have seen with much happiness that some hearts have come closer to Me in these last days and this happiness for those few that receive the Graces of Heaven, balances the pain that is caused in Me by the absence of other souls that day by day take the wrong path.

I am here, My children, to ask you once more for the prayer from the heart. If in this new task that We will carry out, we are more united than ever - I am referring to the vigil of Tuesdays, to be done with all the love of the heart - marvelous spiritual events will happen that will come impregnated by the blessings that are available for you in Heaven and that could not have descended until today.

Remember that I told you that this time is totally blessed by the Grace of Our Lord that reaches to each one of you when you open the doors of the Heavens through sincere love and the happiness of serving.

Today I want to transmit to you that the joy of some hearts for the proposal and the call that I have realized in My last special apparition has reached the Heavens. The small and sincere gesture that some souls have expressed, has been observed by Our Father and it will have great repercussions. You may already live it.

I unite Myself to you in soul and spirit for the preparation of our next vigils. Count on my permanent company, since I will be united to you in each decision that you make, in each step you take. Feel me and that which you are encouraged to live will be real.

I wait for you inside My Immaculate Heart. I guide you to the Sacred Heart of My Son.

With you, I am. I love you with predilection.

Mary, Mother of the Divine Conception of the Trinity.
