**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF SANTIAGO, CHILE,
TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear children,

On the inner planes, your Heavenly Mother is already gathering the consciousnesses of this nation so that, at the foot of these sacred mountains, they may surrender to Christ and participate in the communion of reparation that My Heart will offer you during these next days.

This surrender will be first spiritual and then material, so that the consciousnesses of this country may come into contact with their spiritual and physical reality and, thus, be able to live their moment of redemption.

This will take a long time until, finally, most recognize that it is important to look at God every day and to be able to live in His Heart of Compassion and Love.

Therefore, from now on, I invite you to continue praying for the intentions of your Heavenly Mother so that they may be fulfilled, one by one, and that, in these definitive times, healing and peace may be established in most hearts.

This will also help My Immaculate Heart triumph!

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
