**DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE VILLAGE OF LOS COCOS, CORDOBA, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Today, My dear children, I take everyone to the Mount of the Beatitudes, where My Beloved Son, among the crowds that followed him, taught the most important prayer of all time: the Our Lord in Aramaic.

From that moment, humanity became aware of the fact that it could have a perfect and full filiation with the Creator and His Creation and that, from the point of the celestial revelation of the Our Lord, it would never again be immersed in itself or in its reality, but that it could look around and understand that there exist greater and real needs that ought to be met through mercy and service to the fellow being.

The second teaching that My Son left to the crowds at the Mount of the Beatitudes is that humanity is part of a macrocosm, that the Universe is dynamic, constant and changing, and that human consciousnesses are part of an evolutionary system able to generate the process of redemption and rehabilitation.

The celestial and universal Revelations brought by He Himself at that time allowed humanity to awaken to its true spirit and greater consciousness.

From that moment, the Beatitudes showed the most basic rules so that any human being on the surface of the planet may know how to be in inner contact with the cosmic and divine Laws, which act in the regions of the Material, Mental and Spiritual Universe.

The Beatitudes revealed by Christ left one of the most important legacies in order to learn to enter into the real and unique system of evolution, in which every human being of this planet, under any condition, could be worthy of celestial treasures by fulfilling, living and practicing the hidden Principles contained in each one of them.

This will be one of the ways of being able to revert planetary situations in this time and, therefore, give continuity to the universal history of this humanity.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
