**SPECIAL MESSAGE FOR THE VIGIL PRAYER IN THE MARIAN CENTER OF AURORA, URUGUAY,
TRANSMITTED BY THE VIRGIN MARY TO MOTHER SHIMANI**

My beloved children of Aurora:

Celebrate together with Me!

Today My Marian soldiers pray together for the whole Earth. Today I will rescue from delusion many brother and sister souls, those that must not lose themselves in this chaos that the world lives in today.

Celebrate, My children, because the answer to My requests brings hope to this humanity that learns through suffering.

Celebrate with Me, My dears, because the Heart of My Son is relieved from the pain that the scourge of the human indifference provokes in Him.

Today I Am here as I have promised you and each time that My children confirm My presence after an announcement, this allows their souls to be in the absolute certainty of My company, of My shelter, of My protection and of My love for you.

I want to announce that each Tuesday I will be with all of the groups of prayer that pray along with Me and My guardian angels, and I will make each one feel My maternal presence.

After such a long time amongst you, since My first manifestations to humanity, this is the first time that South America answers to Me with all of the heart, an answer that I put in My Heart of Mother and that I give to God with all the gratitude.

I want you to accompany Me, children of mine, to ignite the whole American continent as a torch of light in the middle of the darkness. For this I summon you, during the whole month of February, to unite yourselves through what you call technology so that in the different places of the world, all may see each other and may participate together with Me in this celebration of Love and Celestial Peace.

Each Tuesday of February that we may be in vigil at the same time, we will unite our prayer and our heart to the Heart of My Son and we will hand to God, the All Powerful, the plea of this humanity that will fully enter into purification so that Our Lord may pour His Mercy over all those who still have not received It and so that this world may sustain itself, despite everything, in the faith of Our Lord.

Today I want to give you the Graces from My Maternal Heart for all that you give me. And for what you still cannot give Me, I offer to God My pleas of love for you.

I wait for you, children, united to the Heart of Christ Jesus and together to your brothers and sisters of the world in the following Tuesdays of vigil.

I keep you inside of My Immaculate Heart, I cover you with My Mantle of Light. Close your eyes for an instant and feel, My beloved ones, My maternal kiss on your forehead.

I love you, I love you with Divine Love, the one that comes from God the Father

Thank you for answering to My call of Peace.

Mary, Queen of Peace.
