DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED AT THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Dear children,

I come to especially ask you to form a prayer group and pray for Syria, so that the Mercy of God may intervene as soon as possible.

For that, I ask you to join the regular prayer for Venezuela together with Syria, since both nations live similar things between themselves.

But this time Syria and its innocent people are object of more war and chaos expanding throughout all the places in that region.

I ask you, children, that this prayer be prayed in the native language of that country, so that the angels of Heaven may have a greater intervention in the innocent souls, who, at this time, are trying to survive this confusing reality.

As you have done it with other nations of the world, children, now you will offer half of a mystery of the rosary in Syrian and the other half in Spanish, so that, in this way, both nations, in spite of their reigning chaos, may be considered as a priority for the divine intervention.

I thank you for responding to this request because other nations of the world are taking advantage of the war in order to continue instilling fear and horror; but, in truth, those nations that incite and provoke wars, do not know that the return of the Law will be very hard on them.

I thank you for responding to My Call!

Who blesses you,

Your Mother Mary, Rose of Peace
