WEEKLY MESSAGE, TRANSMITTED BY MARY, QUEEN OF PEACE TO FRIAR ELÍAS

Dear children of Mine:

With joy and gladness, today I receive your hearts and your prayers in My Kingdom.

Dear children, in the coming week I invite you to contemplate the importance of living in unity among hearts, as also among the tasks that you do daily because you will only reach this unity through your holy and devoted prayer.

Dear children, My Heart clamors so that in this time you may be only One, as was My Maternity with Jesus.

My children, the Father observes your great and small daily efforts. I, as Mother, call you to redouble the prayer for the salvation of the Kingdoms and of humanity. With the monthly and weekly coming of My Maternal Spirit of Love, I prepare you in silence for the expected coming of My Son. He will wait until that the last soul of this world has awakened to the Omnipresent Love of God.

Beloved children, the times change and the consciousnesses too, for this do not judge, do not observe, do not make any commentary even when it seems for the good because God wants to rescue all of those who are in the right, and all those who have failed in fidelity towards Him.

My children, as Mother of Mercy I wait for you in prayer, in individual prayer as well as in family prayer. Do not lose time, My little ones! Know that God listens to the voice of your hearts, opening steps so that the Holy Spirit may now reign in your lives.

Dear children, do not unbalance yourselves more. Pray! Pray! Pray with the light of the heart! The world changes and little love endures in the hearts.

You, My little children, are the focus for other consciousnesses. Renovate yourselves every day in the prayer of the heart because in this way you will reach Mercy and Peace. Be forerunners of My Peace, take the peace of your hearts to all of the places where you may go.

My dear children, I need you in prayer as in fidelity to the plans of My Peace. My Voice is being pronounced for the last time and this is possible because you open the door of your homes to me.

Dear children, I am with you and I thank all of My children from São Paulo for having opened for Me, one more time, the door of the heart.

I bless this sublime moment with you. Praised be Jesus, dear children!

Pray and do not get tired of praying with the heart because I will always accompany you.

I thank you for answering to My call!

Mary, Queen of Peace.
