DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED AT THE MARIAN CENTER OF AURORA, PAYSANDU, URUGUAY, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

The Reappearance of Christ, what all ears of the world will be able to hear

My children,

One of the greatest difficulties that the Greater Plan will live is at the moment of the Reappearance of Christ, because this will mean for humanity, its great moment to adhere to this event or of being indifferent to the Return of Christ.

The Reappearance of Christ will be possible through the unconditional and true support of His most dear servers; because the Reappearance of Christ will depend on the material collaboration of all those that are attuned to that moment.

This collaboration on the part of all for the Plan of the Reappearance of Christ, if sincere and not mediocre, will mark a before and an after in the current humanity.

This so awaited Reappearance of Christ will be possible if in all human consciousnesses exists the proper interest and the most loving willingness to prepare that world moment.

The donation of the servers will be one of the key factors for the Reappearance of Christ to take place, as well as the cooperation of all of those who are closer to Him in the spreading of the Word of Christ through the means of communication.

Christ has already spoken to the world many times, and He, in His Presence, has prepared the consciousnesses to be faithful collaborators and managers of the moment of the Reappearance of Christ.

In this sense, the second coming of Christ to humanity will have to be under a conjuncture similar to the Birth of Jesus.

For this reason, at the moment of the Reappearance of Christ, the human race and, above all, His followers must keep in mind that it will depend on them that this important event may take place.

Why do I tell you this, My children?

Because in this current time of humanity the consciousnesses themselves, through their adhesion and collaboration with the Plan of the Return of the Lord, will be giving the correct response to the Universe that the times and the events will have to be defined in the second coming of Christ.

In order for the Reappearance of Christ to be carried out, humanity must correspond, not only with its interest for this event, but also by its collaboration in all the preparations for this to happen.

Everything that each server can donate and contribute will be part of the bases that will prepare the moment of the Reappearance of Christ.

Each contribution, effort in the spiritual life, as well as each surrender to God, from the heart, will prepare the moment of the Reappearance of Christ.

Each act of true cooperation and of sincere building of the Plan, in this time, will help in the coming of Christ.

Thus, the Master and Lord, for the moment of His Reappearance, will have on this planet and above all, among His followers, a spiritual and also material structure that will allow Him to act and proceed in order to be able to define the next humanity.

The Reappearance of Christ will demand the donation of everyone but, above all, the spontaneous collaboration without the need for the Spiritual Hierarchy to announce, from cycle to cycle, that the Reappearance of Christ will need, in greater areas, the contribution of the most conscious so that this Grace of the Return of Christ may be lived by the most unconscious and by the most separated from the Truth.

It will be a moment of great sacrifice, but also the Reappearance of Christ will demand, for those who will truly be with Him, to leave world comfort, to spontaneously donate and surrender their lives in the hands of the Master, so that His Reappearance may fulfill all that is foreseen by the Sacred Creative Universe.

Be attentive, My children, because the Reappearance of Christ will place each one before the truth of the Plan and of how each server is before his commitment of preparing the second coming of Christ.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
