**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear and beloved children,

Today the Lord asks you for the fraternal love from the heart so that this love for the others may be honestly radiated towards your fellow humans. Dear children, God loves you despite the events that the world lives today.

I invite you, little servers, to recognize the Light of God in each brother-heart. Thus you will be able to unite more in love and to continue together through the paths of the true peace.

In this time I need you to be firm in the merciful power of prayer. As souls donated to Christ, you will be able to help so that some events that are generated by humanity may not fall upon the hearts.

For this, dear children, the Lord entrusts to you the love of the true prayer of the heart, a prayer that may uplift the reality of the world. Together with Me, My little ones, you will be able to travel the pathways of peace and thus My Universal Mantle of Graces will be able to be placed over the children that still do not have Me.

Dear children, each one of you must love the daily communion with My Son. In this time, not even one day of communing with Him should be missing from your lives. On this path of fraternity towards Christ, you, through the act of inner communion, will be able to alleviate the Heart of My Son that is harmed by the vanities of the world. In this unity with Christ, the world will be able to have at least some more time of peace.

God can listen to the voice of your prayers. Thus My Immaculate Heart will be able to arrive to those souls that are the most in need.

Thank you for responding to My call.

Mary, Mother of the Divine Conception of the Trinity Relief and Peace for the tepid souls.
