**DAILY MESSAGE OF MARY, MOTHER OF THE DIVINE CONCEPTION OF THE TRINITY,
TRANSMITTED TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN**

Dear children,

Today I come to you with the special Grace of preparing in each soul the inner advent of Christ.

Dear children, today I invite you for your hearts to remain under the two merciful rays that My Son is radiating for the whole world. In spite of the weaknesses in faith or the fear in the hearts, I invite you to not separate yourselves from the Most Beloved Heart of Christ. If life is under this glorious and powerful Redeeming Heart, it will take another path to its consecration and to its steps towards God. The Lord, good and beloved, has given you a beloved part of Himself: Christ, so that, through His Love, you may illuminate the steps on the path that you travel.

Today I call you to remain in the quietness of the heart, thus you will be contemplating the Presence of the Most High. While the world changes rapidly, those souls that are tepid and those that are distant from the Divine Face of Christ must strengthen themselves even more in prayer.

You, My little children, now live, in the day by day, the school of prayer. Therefore I invite you to teach all your brothers and sisters the prayer of the heart. As the world needs your prayers, you, dear children, embrace the path of prayer so that all children in this last hour may receive the Graces that the Heavens await to pour over all. Thus you will be walking through prayer towards the consecration of your souls to My Immaculate Heart.

The true faith in each one of My children will begin with the trust in what is still unknown but that is as sacred as the Heavens.

Thank you for responding to My Call. In Unity,

Mary, Mother of the Divine Conception of the Trinity
