DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF MÉDANOS, BAHÍA BLANCA, BUENOS AIRES, ARGENTINA, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

When you accept the Will of God, child, everything becomes more understandable and clear.

As long as any vestige of doubt or of indifference crosses your heart, the possibility of being able to understand the Mysteries of the Divine Will, as they are, will be less.

For this reason, today I tell you once more, child, empty yourself completely, because in the emptiness there are no ideals, understandings, or complex philosophies.

Thus, in this perfect void, you will be able to penetrate the essence of all the mysteries of the Will of God, and step by step, you will learn what is unknown and evolutionary.

Dare to abandon your forms, so as to be able to live in divine forms, which will lead you to understand life just as it is. And will help you to find the correct meaning of things in everything.

Then let this unconditional surrender that you must achieve every day free you from yourself, knowing that behind each design or wish of God there exists a Greater Purpose that you must encompass with a fluid understanding of the inner world and the heart.

I thank you for responding to My call!

Who blesses you.

Your Mother Mary, Rose of Peace
