DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED IN THE CITY OF CUENCA, ECUADOR, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN

Your Celestial Mother, together with Her children on mission, enters another nation already consecrated to My Son, to be blessed by God for a second time.

The first blessing was received from the Holy Father, who opened the inner doors for the arrival of the Sacred Hearts.

The second blessing will be given by My Beloved Son in the capital of this country, and also your Celestial Mother, in service and love for the souls, will expand that divine blessing to the rest of Ecuador.

It is thus, children, that the Sacred Hearts prepare themselves, just like you, to enter into a town also very hurt and discriminated against by the inhabitants of the first world nations.

But Ecuador holds one of the most important spiritual treasures for the Plan of God. It was the land spiritually chosen to shelter the Essence of the Love of the Source, inner Essence that pulsates within the Sacred Enclosures that are protected in the ranges of the Andes.

That is why, children, this second stage of the Pilgrimage for Peace will start in the city of Cuenca, where My missionaries will go into retreat for some days to meditate and contemplate inwardly on the reason for arriving in Ecuador at this end of the cycle and the importance of the manifestation of new Light-Communities that are to be guardians of the Treasures of the Father that will emerge for the new humanity.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
