DAILY MESSAGE OF MARY, ROSE OF PEACE AND LADY OF CZESTOCHOWA, TRANSMITTED IN THE CITY OF KRAKOW, POLAND, TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

With joy I come to the world and specially to Poland, the beloved land of Saint John Paul II, to bless you and bring you to My Grace again, so that, by means of these meetings of peace, your Mother and Lady of Czestochowa can go on working and repairing the hearts that need the most.

With Maternal Love, I return to Poland to infuse even more the Mercy of My Son and to intercede by means of the Source of His Compassion.

The Mother of God comes to Poland to make the attributes of its culture and of its people revive, taking each one of these attributes to the sublimation of consciousness and, thus, recovering the values of faith and union with God.

On this day especially, I descend to establish a little more of peace and forgiveness in the souls, souls that need to find again the path to the union with God, in order to be able to live the principles of His Grace and of His Mercy.

As Mother of all, I come to testimony that it is possible to advance and live with the hope of being able to find God again, from time to time, and to be in communion with Him.

As Mother and Patroness of Poland, I come to pour on you the Wisdom of My Maternal Heart, a Gift that, by living in you, will allow to continue restoring and repairing all of the consciousness of its people.

The wisdom of the Virgin of Czestochowa will help you to carry forward the Plan of God for your Nation and your people, by means of the incalculable devotion of your hearts for Ours and also for the saints that the Father has sent to your motherland to help it, as were Saint Faustina and Saint John Paul II.

By means of the model of life of these saints, may many more vocations awaken in the bosom of the Church of Christ and for the faith of all children of Poland.

As Mother of all, I come to reestablish one of the principles of the Designs of God for your motherland, knowing that in this time it will be fundamental to be sustained with faith and the trust in God, so as to restore the Church and its believers.

For this reason, as Mother and Lady of Czestochowa, I return to Poland to rebuild the spirit of love of its humanity and thus propagate, from here to the world, the devotion of all of you, My children, to My Immaculate Heart.

My Hands of service, charity and good, come today full of Graces to pour them over you, My dear children, and so that these very same Graces may propagate in the nations of the world that will need your faith and your prayer to establish peace.

I lead you along this path of wisdom and love so that the souls may be helped and contemplated in the Mercy of God.

There is still time to enter this Source of compassion and of relief that My Beloved Son offers to the whole world.

By means of this renewal that I bring you today, I invite you to live the new time, the time of knowing how to fulfill the Plan of God in yourselves, so that after it may be fulfilled it in the whole world.

I thank you for responding to My call!

Who blesses and renews you,

Your Mother Mary, Rose of Peace and Virgin of Czestochowa
