DAILY MESSAGE OF MARY, ROSE OF PEACE, TRANSMITTED DURING THE JOURNEY FROM MUNICH, GERMANY, TO ZURICH, SWITZERLAND TO THE VISIONARY FRIAR ELÍAS DEL SAGRADO CORAZÓN DE JESÚS

May the voices elevate today in a single intention and for the same purpose.

By means of the meeting of music, may cultures and peoples, nations and continents unite.

May everyone feel in their heart the Love of the Mother of God, so that the souls awaken to their purpose.

Today, may the Temple of Compassion elevate within each one and, through the voices and instruments, may the incandescent flame of the devotion for the Plan of God be lit in the inner worlds.

Today, may you unite hands as brothers and sisters, so that the world equality may be established, for the Source of Love to nourish the beings with hope and joy.

May everything that will be given today by My singing children, reach to the Feet of the Almighty as an offering, so that, as the most sincere donation, the souls of the world receive inner healing and elevation of the consciousness.

May the music of today close the doors to human suffering.

May the melodies that will resound today in the singing hearts, establish the peace that millions of human beings need in order to move forward.

May each piece that will be lovingly presented, through the effort of each of My children, attract to the nations the Wisdom of God, so that noble decisions be made, which will benefit all peoples.

In this gala night, may each singer be clothed with their best inner energy, so that everything which will be offered may shine beyond the inner universe.

I thank you for responding to My call!

Who blesses you,

Your Mother Mary, Rose of Peace
